Interactive Data Pricing and Reference Data, LLC

In the event that Licensee at any time receives Data from Interactive Data Pricing and Reference Data, LLC ("IDC") containing evaluations, rather than market quotations, for certain securities or certain other data related to such securities, the following provisions shall also apply:

(a) Evaluated securities are typically complicated financial instruments. There are many methodologies (including computer-based analytical modeling and individual security evaluations) available to generate approximations of the market value of such securities, and there is significant professional disagreement about which is best. No evaluation method, including those used by IDC, may consistently generate approximations that correspond to actual "traded" prices of the instruments; (b) IDC's methodologies used to provide the pricing portion of certain Index Data may rely on evaluations; however, Licensee acknowledges that there may be errors or defects in IDC's software, databases, or methodologies that may cause resultant evaluations to be inappropriate for use in certain applications; and (c) Licensee assumes all responsibility for edit checking, external verification of evaluations, and ultimately the appropriateness of use of evaluations and other pricing data provided by IDC via the Data in Licensee's applications, regardless of any efforts made by IDC in this respect. Licensee shall indemnify and hold IDC completely harmless in the event that errors, defects, or inappropriate

evaluations are made available via the Data. IDC shall not be liable for any claim that arose more than one year prior to the institution of suit therefor.

Licensee agrees that misappropriation or misuse of such materials will cause serious damage to CGS and ABA and that in such event money damages may not constitute sufficient compensation to CGS and ABA; consequently, Licensee agrees that in the event of any misappropriation or misuse, CGS and ABA shall have the right to obtain injunctive relief in addition to any other legal or financial remedies to which CGS and ABA may be entitled.

Licensee agrees that Licensee shall not publish or distribute in any medium the CUSIP Database or any information contained therein or summaries or subsets thereof to any person or entity except in connection with the normal internal processing of security transactions. Licensee further agrees that the use of CUSIP numbers and descriptions is not intended to create or maintain, and does not serve the purpose of the creation or maintenance of, a master file or database of CUSIP descriptions or numbers for itself or for any third party recipient of such service and is not intended to create and does not serve in any way as a substitute for the CUSIP MASTER TAPE, PRINT, DB, INTERNET, ELECTRONIC, CD-ROM Services and/or any other future services developed by the CGS.

NEITHER CGS, ABA NOR ANY OF THEIR AFFILIATES MAKE ANY WARRANTIES, EXPRESS OR IMPLIED, AS TO THE ACCURACY, ADEQUACY OR COMPLETENESS OF ANY OF THE INFORMATION CONTAINED IN THE CUSIP DATABASE. ALL SUCH MATERIALS ARE PROVIDED TO LICENSEE ON AN "AS IS" BASIS, WITHOUT ANY WARRANTIES AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE NOR WITH RESPECT TO THE RESULTS WHICH MAY BE OBTAINED FROM THE USE OF SUCH MATERIALS. NEITHER CGS, ABA NOR THEIR AFFILIATES SHALL HAVE ANY RESPONSIBILITY OR LIABILITY FOR ANY ERRORS OR OMISSIONS NOR SHALL THEY BE LIABLE FOR ANY DAMAGES, WHETHER DIRECT OR INDIRECT, SPECIAL OR CONSEQUENTIAL EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL THE LIABILITY OF CGS, ABA OR ANY OF THEIR AFFILIATES PURSUANT TO ANY CAUSE OF ACTION, WHETHER IN CONTRACT, TORT, OR OTHERWISE EXCEED THE FEE PAID BY LICENSEE FOR ACCESS TO SUCH MATERIALS IN THE MONTH IN WHICH SUCH CAUSE OF ACTION IS ALLEGED TO HAVE ARISEN. FURTHERMORE, CGS AND ABA SHALL HAVE NO RESPONSIBILITY OR LIABILITY FOR DELAYS OR FAILURES DUE TO CIRCUMSTANCES BEYOND ITS CONTROL.

Valuation Terms

Where Licensee receives any Data that includes prices of any securities, whether indicative or otherwise ("**Valuations**"), the Valuation Terms below apply and are binding upon the Licensee.

- (a) VALUATIONS ARE BEING PROVIDED AT LICENSEE'S REQUEST FOR ITS INFORMATION PURPOSES ONLY AND IS NOT INTENDED AS AN OFFER OR SOLICITATION FOR PURCHASE OR SALE OF A SECURITY OR A CONTRACTUAL OBLIGATION (COLLECTIVELY, THE "**FINANCIAL INSTRUMENTS**"). THE VALUATIONS ARE ONLY AN ESTIMATE AS OF THE DATE INDICATED AND THE ACTUAL MARKET PRICE OF THE FINANCIAL INSTRUMENTS CAN BE DETERMINED ONLY WHEN AND IF EXECUTED IN THE MARKET; CONSEQUENTLY, VALUATIONS MAY NOT REFLECT LEVELS AT WHICH: (I) ACTUAL TRANSACTIONS MAY OCCUR OR HAVE OCCURRED OR (II) COLLATERAL CALLS MAY BE MADE. THERE MAY BE NO OR MAY NOT HAVE BEEN ANY SECONDARY TRADING MARKET FOR THE FINANCIAL INSTRUMENTS. VALUATIONS MAY INCORPORATE INFORMATION FROM THE MOST ACTIVE MARKETS TO WHICH A SOURCE HAS ACCESS AND, CONSEQUENTLY, MAY NOT REPRESENT AN ESTIMATE OF THE VALUE OF THE PARTICULAR FINANCIAL INSTRUMENT IN THE MOST ACTIVE MARKET TO WHICH OTHERS MAY HAVE ACCESS.
- (b) The Valuations are only an estimate as to the general value of the specified Financial Instruments, as of the dates indicated, and are subject to change at any time without notice. A Valuation is only one view as to the estimated general value of a particular Financial Instrument at a particular point in time.
- (c) The Valuations may take into account a number of factors including, but not limited to, any one or more of the following: (i) general interest rate and market conditions; (ii) macroeconomic and/or deal-specific credit fundamentals; (iii) valuations of other financial instruments which may be comparable in terms of rating, structure, maturity and/or covenant protection; (iv) investor opinions about the respective deal parties; (v) size of the transaction; (vi) cash flow projections, which in turn are based on assumptions about certain parameters that include, but are not limited to, default, recovery, prepayment and reinvestment rates; (vii) administrator reports, asset manager estimates, broker quotations and/or trustee reports, and (viii) comparable trades, where observable. Views of these factors and assumptions may differ from one party to another, and part of the valuation process may include the use of proprietary models. The Valuations may also take into account such factors as the length of time that has elapsed since the transaction relating to the specific Financial Instrument was entered into, potential reduction of market and other risks that may be realizable through an unwind, and other product pricing considerations relevant to the specific Financial Instrument which may lead to the foregoing of the full profit potentially realizable if the transaction ran full term ("**Early Unwind Considerations**"). Accordingly, valuation by other parties may be significantly different and are likely to be less attractive if Early Unwind Considerations are part of the Valuation. The Valuations are based upon information derived from sources believed to be reliable; however, such information has not been

independently verified. In addition, reports may be available only periodically and with a delay and accordingly, where valuations may rely upon the most recently available information in such reports for a transaction, the Valuations may be based on information that may not be current as of the valuation date.

- (d) The Valuations are provided as part of the Data in accordance with the terms of the relevant Services Contract, and may be discontinued at any time. None of the Licensors or Information Providers are acting as Licensee's advisor, agent or fiduciary in providing the Valuations hereunder, and to the extent permitted by law, each of them expressly disclaims any responsibility for or liability (including, without limitation liability for any direct, punitive, incidental or consequential loss or damage, any act of negligence or breach of any warranty) relating to: (i) the accuracy of any models, market data input into such models or estimates used in deriving the Valuations, (ii) any errors or omissions in computing or disseminating the Valuations, (iii) any changes in market factors or conditions or any circumstances beyond their respective control and (iv) any uses to which the Valuations are put. Licensee is responsible for its own independent verification and should consult with its own auditors and other advisors with respect to the Valuations and before deciding the uses to which the Valuations may be put. Specifically, none of the Licensors or Information Providers assert that the Valuations are appropriate for the purposes of valuing particular Financial Instruments in Licensee's financial statements in accordance with the requirements of Licensee's local accounting framework (for example FASB Statement No. 157 "Fair Value Measurements" under US GAAP or International Accounting Standard No. 39 "Financial Instruments: Recognition and Measurement").
- (e) Where Valuations are sent via electronic means, none of the Licensors or Information Providers are responsible for any corruption or alteration of the data during transmission to Licensee.
- (f) The Valuations supersedes any similar information Licensee may have received orally or in other written or electronic format from Licensor.
- (g) Information Providers may make a market in or engage in transactions in the Financial Instruments referred to herein. The Valuations may be affected by their respective transactions and quotations. They may have a position in the securities or options of any issuer referred to herein.
