

Swap Execution Facility (SEF)

Trade FX options and non-deliverable forwards electronically.

The **SEF** launched in October 2013 and is regulated by the CFTC. It received permanent approval status in January 2016. The **SEF** allows customers to trade FX options, non-deliverable forwards (NDFs) and NDF swaps electronically. This is done via multi-dealer request-for-quote liquidity and an anonymous central limit order book.

More FX market participants comply with Dodd-Frank trading regulations using the **SEF** than any other FX dealer-to-client platform.

Designed specifically to help you meet your FX trading and reporting obligations as mandated by the Dodd-Frank Act, the **SEF** offers a best execution solution that provides complete end-to-end workflow, including straight-through processing and settlement.

Benefits

The **SEF** enables you to trade FX derivatives in compliance with new regulations. Additional FX platform benefits include:

- One integrated system for trading FX spot, forwards, swaps, NDFs and options electronically, with **SEF** and non-**SEF** executions as appropriate
- Access to deep liquidity from more than 200 banks and 2,300 institutional clients, with choice in executions via multi-dealer RFQ (request-for-quote), RFS (request-for-stream) and anonymous order book flows
- Ability to streamline your workflow with a comprehensive solution, including allocations, order netting, straight-through processing, settlement and post-trade messaging to the DTCC
- Opportunity to achieve best execution on a regulated platform that includes compliance, pre-trade price transparency, credit limit checks and reporting

Features

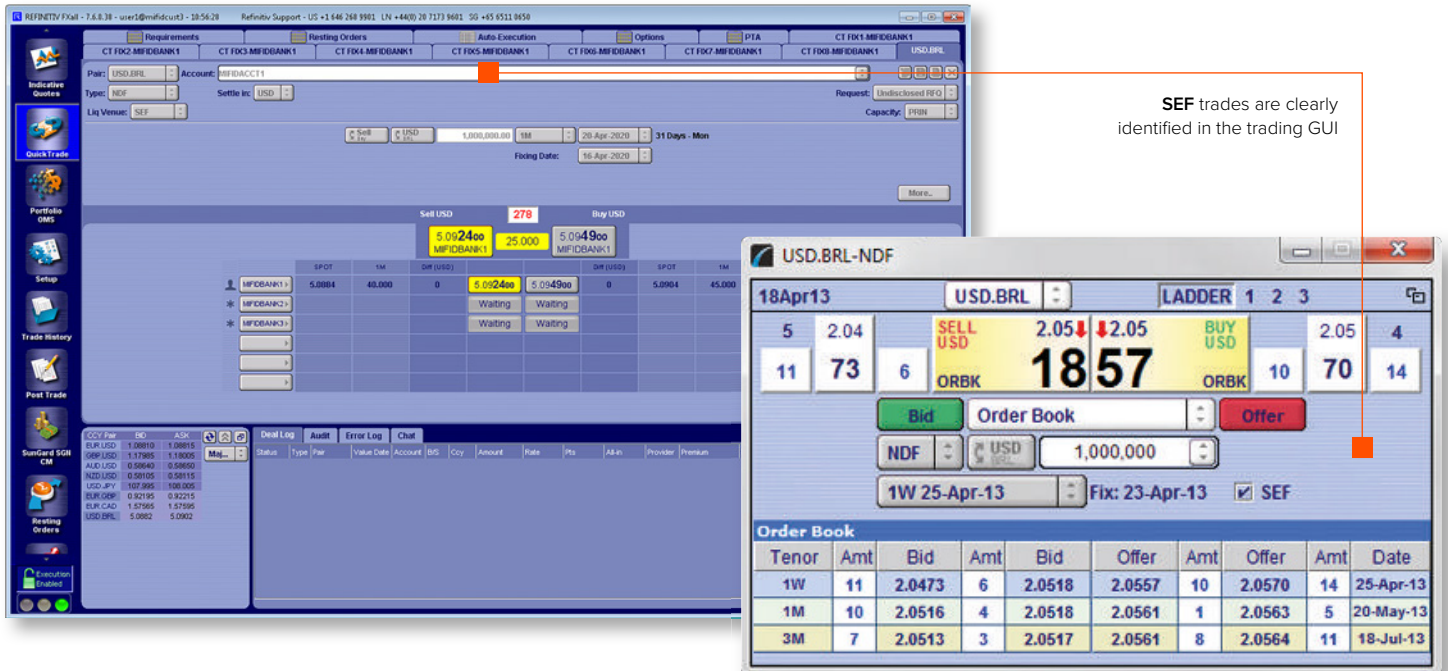

Our flexible **FX Trading** system supports advanced functionality, including:

- Granular customer trading entitlements for accounts and users that are subject to/not subject to Dodd-Frank
- End-user exemption workflows
- End-to-end solution to meet the specific workflow needs of asset managers, hedge funds and corporate treasurers
- Agency access models (Sponsored Access and Trading on Behalf of)
- Pre-trade and multi-allocation orders
- Access to SDRs

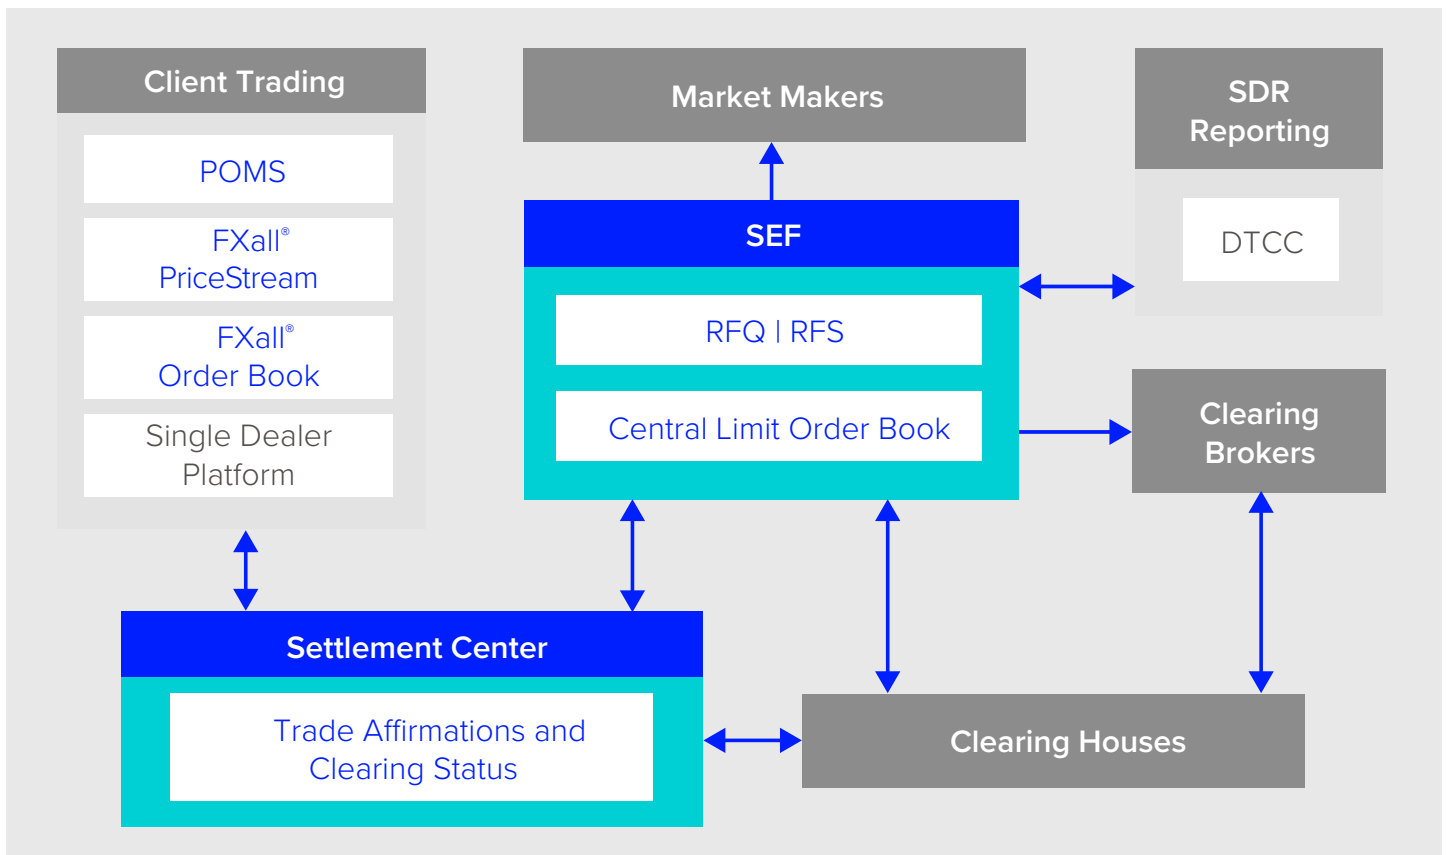

LSEG FX
