PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

Listing and Admission to trading: Application will be made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the London Stock Exchange's regulated market and have been admitted to the official list of the Financial Conduct Authority with effect from the Issue Date.

2. RATINGS

Ratings: The Notes to be issued are expected to be rated A3 by Moody's Investors Service, Inc. (*Moody's*) and A by S&P Global Ratings UK Limited (*S&P*).

The rating agencies above have published the following high-level descriptions of such ratings:

Moody's: Obligations rated "A" are judged to be upper-medium grade and are subject to low credit risk. The modifier 3 indicates a ranking in the lower end of that generic rating category.

S&P: An obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong.
