

FTSE BPAM ALL BOND INDEX SERIES

Overview

The FTSE BPAM All Bond Index Series covers the Malaysian Ringgit denominated, long term investment graded Conventional and Islamic bonds. The index includes bond types of zero coupon, fixed coupon, bullet and bonds with secondary notes. It consists of treasury, government related and corporate sectors. As of 31 December 2024, the index consisted of 1682 bonds with a total market capitalization of MYR 1865.88 billion. Index constituents undergo calculation, review and rebalancing on a daily basis. All return calculations are based on Bond Pricing Agency Malaysia's evaluated prices. The index history is backfilled to January 3rd, 2007. The FTSE BPAM Bond and Sukuk Indices are owned, calculated and administered by BPAM. LSEG is the exclusive licensing and distribution agent.

No member of the LSE Group nor their respective directors, officers, employees, partners or licensors provide investment advice and nothing in this document should be taken as constituting financial or investment advice.

No member of the LSE Group nor their respective directors, officers, employees, partners or licensors make any representation regarding the advisability of investing in any asset or whether such investment creates any legal or compliance risks for the investor. A decision to invest in any such asset should not be made in reliance on any information herein. Indexes cannot be invested in directly. Inclusion of an asset in an index is not a recommendation to buy, sell or hold that asset nor confirmation that any particular investor may lawfully buy, sell or hold the asset or an index containing the asset. The general information contained in this publication should not be acted upon without obtaining specific legal, tax, and investment advice from a licensed professional.

The information contained in this report should not be considered "research" as defined in recital 28 of the Commission Delegated Directive (EU) 2017/593 of 7 April 2016 supplementing Directive 2014/65/EU of the European Parliament and of the Council ("MiFID II") and is provided for no fee.

Past performance is no guarantee of future results. Charts and graphs are provided for illustrative purposes only. Index returns shown may not represent the results of the actual trading of investable assets. Certain returns shown may reflect back-tested performance. All performance presented prior to the index inception date is back-tested performance.

Back-tested performance is not actual performance, but is hypothetical. The back-test calculations are based on the same methodology that was in effect when the index was officially launched. However, back-tested data may reflect the application of the index methodology with the benefit of hindsight, and the historic calculations of an index may change from month to month based on revisions to the underlying economic data used in the calculation of the index.

This document may contain forward-looking assessments. These are based upon a number of assumptions concerning future conditions that ultimately may prove to be inaccurate. Such forward-looking assessments are subject to risks and uncertainties and may be affected by various factors that may cause actual results to differ materially. No member of the LSE Group nor their licensors assume any duty to and do not undertake to update forward-looking assessments.
