1.8 Index construction methodology

1.9 The main calculation currency is the US Dollar, although the indices are also calculated in Euro, British Sterling and Japanese Yen on an end-of-day basis.

1.10 The following variants are, or if requested may be, calculated for certain indices within the index series:

- capital and total return indices;
- net total return indices based on specified withholding tax rates;
- indices calculated in currencies other than the base currency (EUR);
- currency hedged indices;
- capped indices;
- global, regional and single country indices; and
- sector indices.

Additional customised variants can be calculated on request including indices with industry, country and sector exclusions. Selected indices are calculated and disseminated on a real-time basis.
1.11 FTSE Russell hereby notifies users of the index series that it is possible that circumstances, including external events beyond the control of FTSE Russell, may necessitate changes to, or the cessation of, the index series and therefore, any financial contracts or other financial instruments that reference the index series or investment funds which use the index series to measure their performance should be able to withstand, or otherwise address the possibility of changes to, or cessation of, the index series.

1.12 Index users who choose to follow this index or to buy products that claim to follow this index should assess the merits of the index’s rules-based methodology and take independent investment advice before investing their own or client funds. No liability whether as a result of negligence or otherwise is accepted by FTSE Russell or any members of the FTSE EPRA Nareit Global Index Advisory Committee for any losses, damages, claims and expenses suffered by any person as a result of:

- any reliance on these Ground Rules; and/or
- any inaccuracies in these Ground Rules; and/or
- any non-application or misapplication of the policies or procedures described in these Ground Rules; and/or
- any inaccuracies in the compilation of the Index or any constituent data.
Section 2
Management responsibilities

2. Management responsibilities

2.1 FTSE International Limited (FTSE)
2.1.1 FTSE is the benchmark administrator of the index series.¹
2.1.2 FTSE is responsible for the daily calculation, production and operation of the index series and will:
- maintain records of the index weightings of all constituents;
- make changes to the constituents and their weightings in accordance with the Ground Rules;
- carry out the periodic index reviews of the index series and apply the changes resulting from the reviews as required by the Ground Rules;
- publish changes to the constituent weightings resulting from their ongoing maintenance and the periodic reviews;
- disseminate the indices.

2.2 EPRA and Nareit
2.2.1 EPRA and Nareit are responsible for conducting the analysis of financial statement-related eligibility tests including the EBITDA test for potential and current constituents in order to establish their eligibility for inclusion in the FTSE EPRA Nareit indices and their allocation to the emerging and developed sub-series. EPRA and Nareit will also determine a constituent’s investment focus segment and classify each constituent by property sector.

2.2.2 EPRA and Nareit also provide research, guidance and clarification with respect to certain aspects of the structure, operations and financial reporting of companies that may bear on their index eligibility, as well as to regulatory requirements pertaining to certain companies that may restrict some investment organisations from investing in such companies and the equity indices that include them as constituents.

¹ The term administrator is used in this document in the same sense as it is defined in Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the European Benchmark Regulation) and The Benchmarks (Amendment and Transitional Provision) (EU Exit) Regulations 2019 (the UK Benchmark Regulation).

2.3.1 To provide FTSE Russell with advice and guidance, FTSE Russell has established three FTSE EPRA Nareit regional advisory committees:

- the FTSE EPRA Nareit Asia Index Advisory Committee;
- the FTSE EPRA Nareit EMEA Index Advisory Committee; and
- the FTSE EPRA Nareit Americas Index Advisory Committee.

The Terms of Reference of the FTSE EPRA Nareit Advisory Committees are set out on the FTSE Russell website and can be accessed using the link below.

FTSE_EPRA_Nareit_Regional_Advisory_Committee.pdf

2.4 FTSE Russell is responsible for the day-to-day management of the FTSE EPRA Nareit Global Real Estate Extended Index Series and for decisions regarding the interpretation of these Ground Rules.

2.5 These rules may be supplemented, amended in whole or in part, revised or withdrawn at any time. Supplements, amendments, revisions and withdrawals may also lead to changes in the way the index is compiled or calculated or affect the FTSE EPRA Nareit Global Real Estate Extended Index Series in another way. All decisions will be published immediately. A period of at least three months should pass between the date a proposed change is published and the date this comes into effect, unless the change is not in conflict with the interests of an affected party. No liability can be accepted for any losses resulting from supplementing, amending, revising or withdrawing the Ground Rules for the FTSE EPRA Nareit Global Real Estate Extended Index Series.

2.6 The compiler of the FTSE EPRA Nareit Global Real Estate Extended Index Series will do everything within its power to ensure the accuracy of the composition, calculation, publication and adjustment of the FTSE EPRA Nareit Global Real Estate Extended Index Series in accordance with relevant rules. However, the compiler of the FTSE EPRA Nareit Global Real Estate Extended Index Series and the FTSE EPRA Nareit Global Real Estate Extended Index Series Advisory Committees cannot accept any liability for any inaccuracy in share prices, calculations and the publication of the index, the information used for making adjustments to the index, and the actual adjustments.

2.7 Amendments to these Ground Rules

2.7.1 These Ground Rules shall be subject to regular review (at least once a year) by FTSE Russell to ensure that they continue to best reflect the aims of the index series. The review process will include consultation on any proposed changes with the FTSE EPRA Nareit Regional Advisory Committees.

2.7.2 As provided for in the Statement of Principles for FTSE Russell Equity Indices, where FTSE Russell or the FTSE EPRA Nareit Regional Advisory Committee determines that the Ground Rules are silent or do not specifically and unambiguously apply to the subject matter of any decision, any decision shall be based as far as practical on the Statement of Principles. After making any such determination, FTSE Russell shall advise the market of its decision at the earliest opportunity. Any such treatment will not be considered as an exception or change to the Ground Rules, or to set a precedent for future action, but FTSE Russell will consider whether the Ground Rules should subsequently be updated to provide greater clarity.

2.8 Status of these Ground Rules

2.8.1 These Ground Rules set out the methodology and provide information about the publication of the FTSE EPRA Nareit Global Real Estate Extended Index Series.

Corporate_Actions_and_Events_Guide.pdf

Details of the treatment of corporate actions and events in the FTSE EPRA Nareit Global Real Estate Extended Index Series can be accessed using the following link:

Treatment of Corporate Actions and Events

A corporate ‘action’ is an action on shareholders with a prescribed ex-date. The share price will be subject to an adjustment on the ex-date. These include the following:

– capital repayments;
– rights issues/entitlement offers;
– stock conversion;
– splits (sub-division)/reverse splits (consolidation); and
– scrip issues (capitalisation or bonus issue).

A corporate ‘event’ is a reaction to company news (event) that may impact the index depending on the index rules. For example, a company announces a strategic shareholder is offering to sell their shares (secondary share offer) – this could result in a free float weighting change in the index. Where an index adjustment is required, FTSE Russell will provide notice advising of the timing of the change.

7.2 Shares in issue
Changes to the number of shares in issue for constituent securities are covered in the Corporate Actions and Events Guide.

7.3 Investability weightings
Changes to free float for constituent securities are covered in the Corporate Actions and Events Guide.

7.4 Spin-offs
If a constituent company is split and forms two or more companies by issuing new equity to existing shareholders, then the resulting companies may be eligible to continue as constituents in the same indices within the FTSE EPRA Nareit Global Real Estate Extended Index Series as their predecessor company. Where eligible to continue as a constituent, the spin-off entity (entities) will remain in the same indices as the parent company until the next quarterly review, where subject to there being a minimum 20 trading day record, it will be tested for eligibility using the respective index series eligibility criteria.

For further details please refer to the Corporate Actions and Events Guide.
7.5 **Mergers and takeovers**

The treatment of takeovers, mergers and demergers can be found within the Corporate Actions and Events Guide.

7.6 **Suspension of dealing**

Suspension of dealing rules can be found within the Corporate Actions and Events Guide.

7.7 **Sector classification changes**

Sector classification changes will be concurrent with their change in the FTSE EPRA Nareit Global or FTSE Nareit All Equity REITs Indices.
