

FTSE NAREIT US Real Estate Index Series Ground Rule Changes

08 June 2015

FTSE Russell and the National Association of Real Estate Investment Trusts® announced today changes to the FTSE NAREIT U.S. Real Estate Index classification structure and Ground Rules. The changes are intended to ensure that the Index continues to accurately represent the stock exchange-listed REIT industry in the United States and, thereby, provide all market participants relevant and timely benchmarks for analysis, capital allocation and investment management.

The changes announced today are the result of discussions with the FTSE NAREIT U.S. Real Estate Index Advisory Committee, a public Consultation with interested parties, including members of the investment community, and a formal evaluation by NAREIT and FTSE Russell of all comments and suggestions submitted during the review.

Changes to the Index classification structure and the Ground Rules will take effect on December 21, 2015.
