About Mergent

For over 100 years, Mergent has been a leading provider of business and financial information on public and private companies globally. Mergent is known to be a trusted partner to academic and public libraries, as well as corporate and financial institutions. Today we continue to build on a century of experience by transforming data into knowledge and combining our expertise with the latest technology to create new global data and analytical solutions for our clients. With advanced data collection services, cloud-based applications, desktop analytics and print products, Mergent and its subsidiaries provide solutions from top down economic and demographic information, to detailed equity and debt fundamental analysis. We incorporate value added tools such as quantitative smart beta equity research and tools for portfolio building and measurement. Mergent is a member of the London Stock Exchange Group plc. The Mergent business forms part of LSEG’s Information Services Division, which includes FTSE Russell, a global leader in indexes.
