Background

At LSEG we are simplifying our branding, making it easier for customers to understand the full range of our capabilities. This is an extension of the LSEG rebrand earlier in 2023.

Our data and analytics services will become LSEG Data & Analytics and our customer and third-party risk services will become LSEG Risk Intelligence. These brand changes will give you an enhanced and simplified experience.

Refinitiv benchmarks and index products will be moved under the FTSE Russell brand, as our flagship benchmark and index business line.

LSEG holds a unique position within the global financial market, operating connected businesses to serve customers across the financial markets value chain.

Our six sub-brands will be:

- FTSE Russell
- LSEG Data & Analytics
- LSEG FX
- LSEG Post Trade
- LSEG Risk Intelligence
- London Stock Exchange

During the second half of 2023, you will see new brand names and aligned LSEG brand application across our product interfaces, websites, marketing materials and social media channels.
