Delivering on our strategy
Priorities for the Group

Getting in shape

• Driving efficiency
  – Control operational costs
  – Implement improved technology
  – Adjust business model to align with customer needs (partnerships)

Leveraging our assets

• Building scale
  – Service to international customers
  – Scale drives efficiencies

• Increasing scope
  – Increase diversification of products / markets
  – Service customer needs across multiple asset classes

• Extending reach
  – Organic and inorganic extension of services as capital markets globalise

Developing opportunities
Successful strategy implementation

• Executing against clear stated strategy to deliver operational efficiency and drive growth:
  
  • **Getting in shape**
    
    • Costs well controlled, flat in real terms
    
    • High performance, low cost technology being rolled out to equities trading
  
  • **Leveraging our assets**
    
    • Range of initiatives launched - new derivative, fixed income, information and technology services/products
  
  • **Developing opportunities**
    
    • Acquisition of outstanding 50% of FTSE
    
    • LSE to acquire majority stake in LCH.Clearnet (subject to approvals)
  
  • **Reaping the rewards of successful M&A implementation** - Borsa Italiana, Turquoise and MillenniumIT
Strength through business balance

- Large majority of our business either unaffected or positively impacted by short term volatility
- Diversified and balanced portfolio presents opportunities in both volatile and stable markets

Compelling Strategic Rationale for LSEG

Getting in shape
- Long-term leading role in pan-European market infrastructure, providing strong, competitive and customer-focused clearing operations

Accelerates growth & diversification
- Capture anticipated growth in clearing services globally
- New products and new geographies
- Opportunities to seek to develop new listed fixed income derivatives business

Reinforces shared vision of partnering with customers
- LCH.Clearnet’s horizontal customer focused partnership model combined with LSEG’s proven track record of customer collaboration (e.g. MTS, Turquoise) underpins focus on innovation, efficiency and growth

Builds on expertise in systemically important businesses
- Combines the experience and reputation of LCH.Clearnet and LSEG in owning and developing regulated, systemically important businesses which will take advantage of market and regulatory trends for enhanced risk management

Improves services while maintaining fully open clearing environment
- Supports faster improvement in services at both the trading and clearing level, while offering customers greater choice and scale
Further growth opportunities

- Global OTC derivatives grew by circa 20% p.a. in terms of notional outstanding value between 1998 and 2011
  - **IRS**: leading interest rate swap clearing service; industry value of IRS cleared through CCP expected to be $340.5 trillion by 2013\(^{(1)}\)
  - **CDS**: launched in France 2010; industry value of CDS cleared through CCP expected to be $22.8 trillion by 2013\(^{(1)}\)
  - **FX**: to be launched in 2012; industry value of FX cleared through CCP expected to be $23.1 trillion by 2013\(^{(1)}\)

- A leading fixed income & repo position benefiting from volatile funding environment
- One of the largest clearer of European cash equities - attracting new venues in Europe and potential in Asia
- Opportunity to seek to develop Turquoise listed derivatives offering
- Broad portfolio of leading positions in commodities with expansion in high growth products (energy, emissions, coal, precious metals) and expansion in Asia

Notes:
1) FTSE estimates
Rapid Growth and Success since 1995

- Rapid growth through organic development and partnerships
- Track record of innovation, responding to growing complexity of markets and provision of market data, offering multiple services including:
  - Sale of real time, delayed and end of day index data
  - Licensing of FTSE indices for use in index funds and ETFs
  - Licensing revenues from venues that trade or clear derivatives contracts and structured products on an index
- Customer renewal rates consistently 97%, based on broad and deep customer relationships
- FTSE’s scalable platform already proven in high growth geographies - can be rolled out into other growth markets

**FTSE Revenue Split**

- Benchmarks 56%
- Funds and ETFs 29%
- Data Sales 15%
- Other 15%

**Market background**

- Global indices revenues estimated at $1.5 billion
- FTSE has 13% global share

Strong Track Record of Growth

- Strong growth track record and attractive financial profile
  - Consistently high historical growth: 2006-2010 revenue CAGR of 22% and EBITDA CAGR of 22%
  - Adds a substantial revenue stream, based on good customer relationships, which performed well in volatile markets
  - Strong EBITDA margins

- Strong growth maintained by FTSE in 2011
  - Revenue growth FY 2011 up 21% to £119.1m
  - EBITDA FY 2011 up 34% to £53.6m
Complementary Combination will Drive LSEG and FTSE Growth

- **Derivatives**: Close collaboration to seek to develop innovative index products and derivative contracts to trade against them

- **Data Products**: Enhancement of FTSE’s real-time calculations and data fees from improved service (faster distribution from shared ticker plant and data warehouse infrastructure)

- **ETFs and Structured Products**: Joint package of products to ETF issuers with wider sales exposure

- **Index Licences**: Use LSEG brand and LSEG global relationships (including MillenniumIT) to develop opportunities

- **Fixed Income Index Licences**: FTSE global sales and relationships to diversify into fixed income indices
Regulatory landscape

Changes create both opportunity and challenges

- **MIFID/MIFIR review**  
  - Non-discriminatory access to CCPs, fungibility and cross-asset margining  
  - Non-exclusive licensing of IPR in indices

- **EMIR (European Markets Infrastructure Regulation)**  
  - OTC derivatives mandated to use CCP service - limited scope has impact on competition in exchange traded derivatives  
  - Harmonised requirements for CCPs

- **Other**  
  - Capital Requirements Directive IV, FTT, T2S, Short selling
