

London Stock Exchange Group plc: 2023 divisional cost and margin information under new reporting structure

As we announced at our Capital Markets Day in November 2023, we moved to a new reporting structure to align divisional disclosures with internal management reporting lines in Q1 2024. These changes primarily impacted the former Data & Analytics division.

Earlier this year, on 2 April, we released quarterly revenues for 2023 under the new reporting structure.

We have today released 2023 divisional cost and margin information under this structure, with a file available for download from our website:
