

SERVICE ANNOUNCEMENT NOTICE

001/28072026

London Stock Exchange Legacy Customer Development Service (LCDS) – Down Days – Wednesday 29 to Friday 31 July 2026

The purpose of this Service Announcement is to inform customers that the London Stock Exchange Legacy Customer Development Service (LCDS) environment will undergo maintenance for three days commencing from **Wednesday 29 until Friday 31 July 2026** and therefore will be unavailable to customers. It is expected that the LCDS environment will be available as usual on **Monday 3 August 2026**.

Customers wishing to test the current production software version during the Down Days are encouraged to use the **Customer Development Service (CDS)** environment instead. Since the production go-live of LSE Release 1.26.9 on 27 July 2026, both the Legacy CDS and CDS testing environments have been running the same software release. Although they remain distinct environments, there are currently no functional differences between them, and both provide the same functionality as the current production software.

London Stock Exchange would like to apologise for any inconvenience caused.
