Proprietary Trading Firms Declaration

This document is a statement of the policies related to Proprietary Trading Firms subscribing to the Liquidity Taker Scheme for Equities, Package 1. If you have any queries regarding the policies please contact your Account Manager.

‘Proprietary Trading Firms’ are Member firms, whose trading flow is solely generated from the firm’s own capital with no related client order including the hedging of client CFD and other derivative positions.

Member firms which requested the aggregation of the Exchange Charge, as defined in the Trading Services Price List, qualify as Proprietary Trading Firms if the aggregated trading flow of all the Member firms is solely generated from the firm’s own capital with no related client order including the hedging of client CFD and other derivative positions.

This declaration should be signed, scanned and provided by email to clients@lseg.com by 15:00 London time on the last business day of the calendar month prior to qualification as a Proprietary Trading Firm so that the Exchange can calculate the applicable tariff as set out in the Trading Services Price List.

The Exchange reserves the right to carry out verification of the Member firm’s activity in relation to the Declaration to confirm its qualification as a Proprietary Trading Firm, including visits to the Member firm for this purpose on 5 business days’ notice. The Member firm shall allow the Exchange and its agents and employees to have access to, and to inspect the Member firm’s accounts, records and other documents and permit the Exchange to take copies for this purpose.

If the Exchange concludes in its sole discretion, either through a verification visit or otherwise, that a Member firm should not have qualified, the Exchange reserves the right to withdraw the benefit and to add to the Member firm’s future monthly invoice such amount as reflects the fees which would have been payable had the reduced monthly subscription fee not been applied, together with interest at the rate of 3% over the HSBC Bank plc base lending rate calculated on a daily basis such interest to be compounded at the end of each calendar month, commencing on the due date and continuing until fully paid.

The Exchange reserves the right to amend or withdraw the Scheme at its sole discretion.
