

We are inviting suppliers who transact with LSEG through Oracle Supplier Portal to connect with us through the **Oracle Business Network (OBN)**.

OBN provides a secure digital platform that enables suppliers and customers to exchange business documents electronically, helping to improve efficiency and streamline processes.

By registering on OBN and connecting with us, you can benefit from:

Faster and more secure receipt of purchase orders

Electronic invoice submission

Improved visibility of invoice and transaction status

Reduced manual administration and paperwork

Increased accuracy and fewer processing delays

More efficient collaboration through a standardised digital platform

Join us on Oracle Business Network

If you are not currently registered on Oracle Business Network, please follow these steps:

1. Visit the [Oracle Business Network registration page](#)
2. Select **register as a Trading Partner** and follow the instructions to create your account
3. Once complete, send your **OBN Number** to vendorsetup.global@lseg.com so that we can establish the connection and begin the onboarding process
