

# LSEG Finance Essentials

Understanding the capital markets requires a synthesis of finance theory, economic insight and market dynamics. The LSEG Finance Essentials programme offers participants the opportunity to build a clear understanding of the markets and finance. Designed by industry-leading instructors at Training the Street and the finance experts at LSEG, the programme offers a carefully organised educational series that delivers a clear framework of the foundations of the capital markets.

The program consists of seven online modules (Introduction to LSEG Workspace, Capital Markets Overview, Economics, Currencies, Fixed Income, Equities and Excel/Codebook) and will take approximately five hours to complete. Learners will be provided one hour to complete a final assessment consisting of 30 questions. Upon successful completion, you receive a digital certificate that will attest to your knowledge and can be shared with social networks and future employers.

## By the end of the programme, you will have:

- A clear understanding of the terms and instruments used by capital markets professionals and the ability to understand markets and the factors driving them
- An expanded understanding and capability for analysing and valuing companies and investments
- A working knowledge of the features and data resources of Workspace, LSEG's premiere global market data tool
- Recognition of your achievement. Once you successfully complete the programme, you will receive an LSEG certificate, one of the most familiar entities in the global capital markets

## 1: Register for the LSEG Finance Essentials certification

- From the Learning Centre certification homepage: [Click here](#) select 'Take certifications' or
- From LSEG Workspace, select the question mark from the toolbar
