**SUBJECT: NEW MIC GUARANTEE SYSTEM - CHANGES TO REGULATIONS AND ANNEXES**

Dear Sir / Madam,

In order to make more flexible the task of changing requirements of the securities that can be deposited within the New MIC Guarantee System, some changes to the Regulations and related Annexes have been made.

The criteria that relate to eligible assets remain specified in Annexes to the Regulations, while the parameters defined in the application of these criteria will be published with effect from today, on CC&G website [www.ccg.it](http://www.ccg.it), in the section "New MIC - Parameters".

The changes in parameters will always be published on the Home Page of the website, in the "Highlights". We specify in this regard that these amendments do not involve changing the parameters currently in force.

The new texts of the Regulations and related Annexes, which will come into force on February 19<sup>th</sup>, 2013, are available on CC&G website, in the section "New MIC - Regulation", with and without evidence of changes.
