Alternative Site Test Saturday 6 February 2016

1.0 Introduction

The purpose of this announcement is to advise Member firms of an Alternative Site (AS) test that will take place on **Saturday 6 February 2016**. This is an optional test designed to give customers who faced issues connecting to the Alternative Site during the Alternative Site Recovery test (ASR) on Saturday 30 January 2016 another opportunity to test connectivity to the new Alternative Site IP addresses.

During this Alternative Site test member firms will be given the opportunity to test connectivity and trading at the Alternative Site only. The primary data centre will not be brought online during this AS test.

2.0 Alternative Site Test Schedule

The AS test will follow the schedule below, please note that times are specified as London time:

Connectivity (Alternative Site)	08:00 – 09:00
Trading (Alternative Site)	09:00 – 10:00
End Of Day	10:00

Please note that all times shown in the schedule above are indicative and are subject to change on the day.

Customers will be informed of the day's progress, via the weekend activity monitor, which can be accessed at the link below:

3.0 Customer Participation

3.1 Customer Activity

The purpose of this Alternative Site test is to verify that all customers' applications can correctly access the new SOLA 8 Alternative Site IP addresses.

3.2 Registration

Customers are required to register their participation in the weekend testing activities by contacting their Technical Account Manager or the Technical Account Management team on +44 (0) 20 7797 3939 or londontam@lseg.com before the close of business on **Thursday 4 February 2016**.

3.3 Test Results Confirmation

At the end of the weekend testing activities, customers are required to confirm the success or highlight any issues of their days' testing by sending a confirmation email to londontam@lseg.com.

3.4 Test Data and System Restoration

At the end of the weekend testing activities customers should ensure that all of their systems are rolled back and prepared as appropriate for Monday Live Service. Any test data disseminated during the test weekend should be removed from their systems prior to the start of trading on Monday 8 February 2016.
