SOLA 8: Production Announcement Customer Dress Rehearsal and Go-Live Dates

The purpose of this announcement is to notify customers of a hardware refresh for the London Stock Exchange Derivatives Market (LSEDM) trading system, to be known as SOLA 8.

While there will be no impact to LSEDM production interfaces, two Customer Dress Rehearsal (CDR) weekends are scheduled, one of which will include a mandatory Alternate Site Recovery (ASR) test. Further details of the ASR test will be provided in a separate announcement.

During the CDR weekends, customers will be able to connect their applications to the production environment and perform usual trading activities. Please note a full schedule of activity for the CDR weekends will be made available closer to the dates.

Customer Dress Rehearsal 1	23 January 2016
Customer Dress Rehearsal 2 (including Alternate Site Recovery test) *	30 January 2016
Production Go-Live weekend **	13 February 2016

*participation mandatory for all customers

**subject to internal testing / customer readiness

Customers are advised that as part of SOLA 8, changes are being made to the Alternate Site addressing, therefore customers will need to target new IP addresses when connecting to the Alternate Site. Customers are also advised that a new SAIL gateway will be made available however customers should continue to connect to their existing SAIL gateway unless instructed otherwise.

Updated addressing can be found in **LSEDM102 – Connectivity Guide** available on the London Stock Exchange Derivatives Document Library at:

<http://www.lseg.com/derivatives/document-library>

For any further queries please contact your Technical Account Manager or the Technical Account Management team + 44 (0) 20 7797 3939 or londontam@lseg.com.
