

London Stock Exchange Derivatives

SOLA 8 Production Go-Live Monday 15 February 2016

The purpose of this announcement is to advise Members of the SOLA 8 production go-live activities. Members are reminded this is a hardware refresh with changes to the Alternate Site addressing. As such there will be no impact to LSEDM production FIX, HSVF and SAIL interfaces.

- London Stock Exchange Derivatives will upgrade to SOLA version 8 on **15 February 2016**.
- Members are required to delete all of their outstanding orders at end of trading on **Friday 12 February 2016**. Any remaining orders will be deleted by the London Stock Exchange Derivatives Market Operations team.
- Members will be able to test connectivity to the LSEDM Primary Data Centre on **Saturday 13 February 2016** between **09:00 – 10:00** London time, however all trading and market data functionality will be disabled. Connectivity to the Secondary Data Centre will not be available.

Please note that the connectivity time is indicative and subject to change on the day. Members will be kept informed of go-live progress via the Weekend Activity Monitor at the following link: [Weekend Activity Monitor](#)
- A Go/No-Go decision will be communicated to Members via the Weekend Activity Monitor by **17:00** London time, on **Saturday 13 February 2016**.

The Weekend Activity Monitor can be accessed at the following link: [Weekend Activity Monitor](#)
