
Technical Notice

1 August 2017

Live Service Portal Update

London Stock Exchange Group is pleased to announce the launch of the re-built Live Service Portal.

The Live Service Portal will continue to be used to communicate important information to clients during technical incidents on any of the following markets and services:

- Borsa Italiana Markets
- EuroTLX
- London Stock Exchange
- LSEDM/Curve
- Turquoise
- RNS
- TRADEcho

In addition, the Weekend Activity Monitor (WAM) has now been incorporated into the Portal. The WAM is used during Customer Dress Rehearsals to communicate schedule and progress updates to clients.

As a recipient of this email, you have been automatically signed up to the portal in order to receive email alerts in the case of a technical incident. In order to manage your preferences and activate your account for SMS updates, you must visit <https://liveservice.lseg.com/user/password> and follow the instructions. You can do this from Monday 7 August 2017.

From Monday 21 August, the re-built Live Service Portal (<http://liveservice.lseg.com>) will be used in the case of technical incidents. Until this time, the existing service will remain unchanged.

If you have any questions regarding this notice, please contact the Technical Account Management team at +44 20 7797 3939 or londontam@lseg.com
