Resolution 3 – Directors' remuneration report

The Board of LSEG notes that, while all of the other resolutions at today's Annual General Meeting were passed with a strong majority, Resolution 3 (Approval of the Annual Report on Remuneration) passed with 76.48% of votes in favour.

The increase to the CEO's base salary reflects the increased responsibilities and scope of the role following the acquisition of Refinitiv, which has transformed the business into a significantly larger, more complex and truly global company. LSEG undertook extensive engagement with shareholders on our Remuneration Report and taking into account their feedback, the LSEG Remuneration Committee also determined to significantly increase the minimum shareholding requirement for the

CEO from 300% to 400%. Although shareholders were broadly supportive of the underlying principle of the CEO's increase in base salary post completion of the Refinitiv transaction we recognise that certain shareholders would have preferred the increase to have been phased.

Following the Annual General Meeting, LSEG will continue to engage with its shareholders and will carefully consider all further feedback. We will publish an update on that engagement within six months of the Annual General Meeting, in accordance with the UK Corporate Governance Code.

In accordance with Listing Rule 9.6.2, copies of the resolutions that do not constitute ordinary business, will be shortly be available for inspection at the National Storage Mechanism document viewing facility at:

In addition, and in accordance with Listing Rule 9.2.6E, a copy of the Articles of Association of the Company will also be available for inspection at the National Storage Mechanism.
