Rule amendments

In order to reflect these changes, any reference to “Oslo Clearing” included in the rules has been substituted with a reference to “Six x-clear”;
 - References to “Market Surveillance” have been substituted with references to “Market Supervision”; and
 - In relation to cancellation rules for Norwegian contracts, a specification has been added to make clear that a request for adjustment of a Norwegian contract can be made if the loss suffered by the Member Firm, as a consequence of the error in the execution of the Trade in a Norwegian contract, is NOK 5,000 or more and the period between the time at which the Trade is effected and the time at which the request is submitted is within 30 minutes.
4. Attachment 1 to this Notice contains the final version of the rules (with the confirmed changes marked-up), which will come into effect on **1 May 2015**. The rules will be available on this date on the [London Stock Exchange Group Website](#).
