

London Stock Exchange Derivatives

MARKET NOTICE 2016/031

Vectalis to connect to LSEDM

London Stock Exchange Derivatives Market (LSEDM) informs member firms that it is expanding its distribution network for accepting Block trades for equity derivatives, through the on-boarding of [Vectalis](#) as a **Reporting Broker Platform Provider (RBPP)** from today, **Monday 23 May 2016**.

The Reporting Broker Platform Provider is a new service on LSEDM that will provide greater efficiency in Block trade execution and processing for LSEDM listed derivatives.

Member firms who act in the capacity of Reporting Brokers can now use Vectalis to electronically submit their [Third Party Executions](#) to LSEDM for all equity derivative products. Member firms named on the trade will then need to confirm their sides through their separate connectivity arrangements.

For further information:

Vectalis	Julien Flaquires, Executive Director T +33 1 75 00 05 23	E: support@vectalis.com
LSEDM Sales	T +44 (0) 207 797 3833	E: lse dm.sales@lseg.com

For further information on how to become a Reporting Broker Platform Provider on LSEDM, please contact connectivity@lseg.com

Member firms may also refer to the updated Trading Services Description on the LSEDM Document Library available: <http://www.lseg.com/derivatives/document-library> .
