

London Stock Exchange Derivatives

MARKET NOTICE 2017/034

Revision of the Price-Quantity Controls and Trade Reporting Hours for UK and IOB Derivatives

London Stock Exchange Derivatives Market (LSEDM) informs Member Firms of new block trade price-quantity controls and extension of trade reporting hours for UK and IOB derivatives effective **Monday 19 June 2017**:

- **Block trade minimum quantities** for FTSE 100 options and weekly options will be changed to 300 lots (if reported within bid/ask) and 500 lots (if reported outside bid/ask), respectively.
- Trade reporting hours for UK and IOB derivatives will be extended. Electronic and manual trade reporting will be available **between 7:30 and 17:30** London time.

Bilaterally Negotiated Trade Guidance, Trading Services Description and Equity Derivatives Contract Specification will be updated and made available before the effective date on the [LSEDM Document Library](#).

Member firms may contact the LSEDM Sales Team on +44 (0)20 7797 3833 for further information.
