## MARKET NOTICE 2018/015

### Inclusion of New Instruments in the Market Making Obligations for IOB Derivatives

Further to [Market Notice 2018/005](#) London Stock Exchange Derivatives Market (LSEDM) informs Member Firms that the following 4 instruments will be included in the Market Making scheme for options and futures on IOB derivatives, effective 5 March 2018. The inclusion of new instruments will entail a change of the terms in the 'Market Making Obligations' for PMMs to participate in the IOB options revenue sharing programme.

Underlying	Market Maker Quantities	Prescribed Spreads for Futures (USD)	Spread class for Options*
Mail.Ru Group	15 lots	1.00	E
Novolipetsk Steel	15 lots	1.00	E
Polyus	10 lots	1.00	E
Tatneft	10 lots	1.00	E

\* Prescribed spreads for each class can be found in the 'Market Making Obligations'.

The updated 'Market Making Obligations' and revised 'LSEDM BNT Threshold Parameters' for Bilaterally Negotiated Trades will be made available in the [LSEDM Document Library](#).
