## MARKET NOTICE 2018/078

### London Stock Exchange Derivatives Market Rules update

This Notice informs Member Firms of a minor change to the London Stock Exchange Derivatives Market (“LSEDM”) Rule Book. The following change has been made to introduce finer tick size granularity for Bilaterally Negotiated Trades, which will be permitted following the go-live of SOLA 12.4 on 10 December 2018:

- Rule 5.4.7 will be amended to remove the requirement for the price of the Contract Leg to be consistent with the minimum tick increment of the relevant Contract.

A minor change has also been made to the Bilaterally Negotiated Trade Guidance to mirror the change in the Rule Book.

Marked-up versions of the Rule Book and the Bilaterally Negotiated Trade Guidance document with these amendments is attached to this Notice and clean versions can be found in the LSEDM document library at <https://www.lseg.com/derivatives/document-library>.

The Rule Book and the Bilaterally Negotiated Trade Guidance document will be effective 10 December 2018.
