# CC&G Market Notice

3 April 2020  
MN\_01/2020

## Amendments to CC&G Regulations and related Instructions– physical delivery option of futures contracts on electricity

---

**For the attention of:** *Members*  
**Priority:** *medium*  
**Topic:** *Regulatory changes*

Dear Clients,

we hereby inform you that effective **20<sup>th</sup> April 2020** the following amendments to CC&G's Rules, related Instructions will enter into force.

Following the elimination of the option for the intermediary to request the settlement of futures contracts on electricity through the physical delivery of electricity (Stock Exchange Notice no. 23772 of November 18<sup>th</sup>, 2019) the provisions referred to that option are deleted from the CC&G's Regulations and the related Instructions.

Finally the list of the Management Companies with whom CC&G has appropriate agreements is updated with reference to the Bond Section.

The new text of the Regulations and Instructions is published on the CC&G website at the following [link](#).
