PTPC - Dilutive capital increases – Go Live

Attention of: DCPs, ICPs
Priority: HIGH
Topic: Go Live Dilutive Capital Increases

Dear Client,

We are pleased to announce that on 10 January 2017, following the successful outcome of the external tests and as unanimously agreed by the “PTPC- Dilutive Capital Increases” working group, the new procedure for **Dilutive capital increases** will be released into the production environment.

The reference documentation is available in the MT-X documents section dedicated to the “Rights issues with dilutive effects Technical Group”.

The User Standard entitled “MT-RNI-CA002 Reorganizations ver. 05” will also be available in MT-X at “Documentazione > Documentazione tecnica > Tracciati utente > Standard per Utenti CUS e CA modalità RNI “.
