## Changes to Tick Size Validation on Limit Orders in the Turquoise Plato™ Order Book

Effective **Thursday 11 January 2018**, Turquoise will update tick size validation for limit prices on orders sent to the **Turquoise Plato™** Order Book by updating the associated tick size for all such instruments to 0.00005.

For further information on tick sizes and Turquoise reference data, available via SFTP/FTP and on the Turquoise website at <https://www.lseg.com/turquoise-files>, refer to “TQ501 Guide to the Reference Data Services”, available in the document library of the Turquoise website, at <https://www.lseg.com/markets-products-and-services/our-markets/turquoise/information-centre/document-library>.

For the avoidance of doubt, Turquoise reminds participants that all Orders submitted to **Turquoise Lit™** and **Turquoise Lit Auctions™** with a Limit Price must continue to conform to the tick structure published by Turquoise, otherwise they will be rejected.

Best Regards,

Turquoise
