

Turquoise Equities

Trading Czech and Hungarian Securities on Turquoise Plato™

From 3 October 2016, Czech and Hungarian instruments admitted to trading on Turquoise will be available for trading on the **Turquoise Plato™** Order Book¹.

Czech and Hungarian instruments are currently available on the **Turquoise Plato™** Order Book in the Customer Development Service (CDS) environment for testing.

Turquoise offers a choice of clearing for Czech and Hungarian instruments between EuroCCP N.V. and SIX X-Clear Ltd. Customers currently without clearing arrangements for these markets who wish to set these up should contact the relevant CCP, and advise Turquoise Market Operations of the revised clearing arrangements with the agreed effective date.

Best Regards,
