DCPs  
T2S release 3.2 – Standards for RNI/A2A Users

Dear Client,

Further to [ON 33/2019](#) of 3 June 2019, please note that the final version of the X-TRM Standards for Users in RNI and A2A mode and the updates to SWIFT messaging incorporating the adjustments introduced by Release T2S 3.2, are now available.

---

### Relevant documentation

The following documents can be consulted in MT-X under *Documents > Technical documentation > User data schemes - In processing*:

- X-TRM Standards for Users RNI mode ver 0.13.7 T2S
- X-TRM user data schemes MT-A2A mode ver 0.10.7 T2S update 12\_8\_19
- X-TRM User Message Layout MT-A2A ver 0.10.7 T2S English update 12\_8\_19

The changes to SWIFT messaging are available in the Swift MyStandards section dedicated to Monte Titoli, which is accessible through the following link:

[https://www2.swift.com/mystandards/#/group/Monte\\_Titoli!usage\\_guidelines](https://www2.swift.com/mystandards/#/group/Monte_Titoli!usage_guidelines).
