Release 8.0 - Customer Dress Rehearsal Date Change

The purpose of this announcement is to inform members that the customer dress rehearsal date for the upcoming Release 8.0 of the Millennium Trading System on the Turquoise Markets has moved from 16 November 2013 to **23 November 2013**.

The customer dress rehearsal date is being moved to avoid conflicting with the London Stock Exchange Release 8.0 rescheduled go-live weekend activities.

The Turquoise go-live date (**2 December 2013**) and contingency go-live date (**9 December 2013**) previously communicated remain on target.
