

# Turquoise

---

## Go-Live date confirmed for the next Turquoise Release

Turquoise is pleased to confirm the following enhancements will be implemented into Production on **23 April 2018**, ready for the start of day.

- **Turquoise Lit Auctions™** Order Book - Introduction of Member Group Matching by Time Priority (on an 'opt-in basis'), with Minimum Execution Size (MES)<sup>1</sup>
- **Turquoise Lit Auctions™** and **Turquoise Plato™** Order Books – Ability for Members to 'opt-in' to Member Priority Matching (per Order Book)
- "FIX Tag 1 / Account" information received from Participants on FIX and Native New Order messages will now be passed on Trades to EuroCCP.

The Turquoise Trading Service Description, **Turquoise Plato Block Discovery™** Service Description and Technical Documentation will be updated to reflect the changes (where appropriate). These will be found in the Turquoise Document Library, Next Functional Release section:

<http://www.lseg.com/markets-products-and-services/our-markets/turquoise/information-centre/document-library>.

### GTP Turquoise

Customers processing the GTP System Event message should be aware that from 23 April 2018 a new value (13) will be introduced. This value is reserved for future use and should be ignored until a future announcement is issued regarding its usage.

The updated GTP002 Technical Guide – Issue 19.6 is available under section GTP Future Release at <https://www.lseg.com/areas-expertise/technology/group-technology/group-ticker-plant>.
