## BCS API Enhancements

Further to the Technical Notice sent on 13 April 2017, the purpose of this Technical Notice is to inform members that the proposed decommission of the BCS API Inquiry interfaces will be postponed from 30 May 2017 to 10 July 2017 in order to facilitate client migrations.

From 10 July 2017 the use of the Inquiry interfaces to continuously simulate real time data reception will be no longer allowed. Clients should implement the new Subscribe interfaces. A continuous use of Inquiries will be notified through a reject.
