## SOLA 12.3 Production Go-Live - Monday 16 July 2018

Following the successful Customer Dress Rehearsal, the London Stock Exchange Derivatives Market (LSEDM) confirms the go-live of SOLA 12.3 on **Monday 16 July 2018**.

As a reminder, version 12.3 of the SOLA Trading System will support the following main functional enhancements:

- MiFID 2 pre-trade "Package Order" waiver;
- MiFID 2 pre-trade "Exchange for Physical" (EFP) waiver (for future use only);
- Futures "pack" strategies for interest rate derivatives.

Customers are requested to provide final go-live readiness sign-off via email to their Technical Account Manager or to the Technical Account Management Team on [londontam@lseg.com](mailto:londontam@lseg.com) before the close of business on **Friday 13 July 2018**.

Customers are also reminded that all open orders will be deleted at the end of day on **Friday 13 July 2018**.

Technical documents, which include the SOLA 12.3 Release Notes, can be found in the 'Next Functional Release' section of the [LSEDM Document Library](#).
