As previously communicated in Technical Notice EXCH/630/17, members are reminded that from Monday 11 December only production data intended to be used from MiFID II go-live should be uploaded in the Member Portal.

The testing phase for Short Long Code registration via the Member Portal ended on **Friday 8 December**. Consequently all previous mappings have been removed from the Member Portal database and must be uploaded again if they are intended to be used from 3 January 2018.
