Revision of Turquoise Lit™ Liquidity Provision scheme

Effective from 1 May 2019, Turquoise will amend its Turquoise Liquidity Provision Scheme (LPS).

At present, LPS Participants are required to achieve minimum 1% passive market share of the total passive value traded on the **Turquoise Lit™** Order Book across all markets. Under the amended scheme, if a registered LPS participant fails to meet the 1% pan-European passive market share threshold across all markets, but exceeds this threshold in one or more individual markets, their passive trading in those markets will be charged against the LPS price scheme which is detailed under Section 2.2 of the Turquoise Tariff Schedule (available [here](#)).

Should you have any questions, please contact your Turquoise Account Manager or sales@tradeturquoise.com.
