

## Update on Turquoise Brexit Contingency Planning

---

Further to Turquoise Notice published on 25 October 2018, Turquoise would like to update members on its Brexit contingency plans.

If the UK was to leave the EU without an adequate transition deal and/or other arrangements in place to allow cross-border services between the EU and UK to continue, Turquoise intends to invoke its Brexit contingency plans.

In such a scenario, Turquoise Europe is expected to be operationally live **on 1 April 2019**. Turquoise continues to monitor wider developments carefully and may choose to revise its plans accordingly. Turquoise will confirm in advance any launch of Turquoise Europe, subject to regulatory approvals.

For those customers who would like to connect to Turquoise Europe, they should complete and submit applications as soon as possible. For further information and guidance please refer to our website <https://www.lseg.com/markets-products-and-services/our-markets/turquoise/turquoise-europe>.

Customers are reminded that updated technical documents are available on our website, under “Future Functional Release – Turquoise Europe” here:

<https://www.lseg.com/markets-products-and-services/our-markets/turquoise/information-centre/document-library>. In addition, our Customer Development Service (CDS) is available to support end to end testing as required.

Turquoise Europe is planning on holding three customer dress rehearsals (of which one is mandatory) and customers are reminded that all applications must pass a conformance test as a pre-requisite for participation in a dress rehearsal. Customers should contact the Market Access team at [marketaccess@lseg.com](mailto:marketaccess@lseg.com) to schedule their mandatory conformance test as soon as possible.
