## Update on Turquoise Brexit Contingency Planning

---

Further to previous market notices outlining details of Turquoise's Brexit contingency planning, we would like to update the market on our preparations for a 'Hard Brexit', i.e. if the UK was to leave the EU without an adequate transition deal and/or without relevant equivalence decisions to allow cross-border services between the EU and UK to continue.

Turquoise reconfirms that, subject to a final "go/no go" decision, in the event of a Hard Brexit:

- Turquoise will migrate European Economic Area (EEA) symbols to the multilateral trading facility (MTF) operated by Turquoise Global Holdings Europe B.V. (TGHE) in the Netherlands; and
- UK, Swiss and US symbols will remain on the existing MTF operated by Turquoise Global Holdings Limited (TGHL) in the UK.

For the avoidance of doubt, Turquoise will only execute these plans in a Hard Brexit scenario. Consequently, the migration of symbols will not occur before a Hard Brexit has occurred. A final "go/no go" decision will be communicated to members in due course.

Turquoise is committed to continuing to offer a comprehensive universe of instruments on the existing MTF operated by TGHL in the UK. Accordingly, in the event of a Hard Brexit on 12 April 2019 and a "go" decision being confirmed, Turquoise intends to reintroduce EEA symbols on its TGHL MTF in the UK during 2019.

Turquoise continues to monitor the situation and may seek to update its Brexit contingency arrangements in light of any wider developments. Any changes will be communicated to members.

If you have any questions on this Notice or would like to discuss any of these points further, please contact the Turquoise Sales team on the number listed below.
