Extranex VPN Developer	-	-	7,000

Notes

1. Your service requirement will depend on the data you receive from the Exchange. Your account manager will be able to advise you on the most suitable service.
2. An ISDN line is required to provide the resilient circuit for Extranex 64kb. Customers will need to arrange this provision and confirm it to their account manager.
3. Back-up 2 can only be taken on a one-for-one basis with a primary Extranex subscription.
4. Test connections can only be used for connection to the Exchange's test services.

All UK prices are based upon the Exchange's standard telecoms provider(s) for each location and installation type. The Exchange reserves the right to vary its prices, should (after a site survey) the standard provision appear not to be practicable or possible or if the Exchange is able to accommodate the customer's request for an alternative provider. In this instance, a separate quotation will be provided to the customer.

All prices are effective from 1 April 2007 and exclude VAT. The prices quoted are in UK sterling. The Exchange reserves the right to amend any prices at its sole discretion.

All prices are for UK installations only. For overseas charges including the Republic of Ireland, the Isle of Man and the Channel Islands please contact your account manager. For terms and conditions relating to these services, please refer to the Extranex™ Communication Service Contract and Order Form.

Testing services¹

Extranex™ test credit allocations - new installations²

	Host to Host accredited software ³		Host to Host non-accredited software		Trading access workstation	Vendor access network
	Trading services	Information services	Trading services	Information services	Market access workstation	Vendor access workstation

Notes

- For terms and conditions relating to these services, please refer to the Testing Services Order Form and Testing Agreement.
- Software houses and vendors will not be allowed to use customer credits, without prior written authorisation from the Exchange. The test credits are allocated to the company which orders the SAP installation.
- Please contact your account manager to ascertain if your choice of software is accredited.
- Does not apply to Extranex VPN Developer.
- An upgrade to or downgrade from Extranex 10Mb or 100Mb services will incur the cost of an install for the new service being taken.
- Upgrading Extranex 64kb to any other service - the Exchange will provide a separate quotation for an additional charge if the minimum 12 month term for the existing service has not been met. If the minimum 12 month term has been met the notice of three months is applicable as per the contract.

- Upgrade Extranex 128kb, Extranex 512kb or Extranex 1Mb – customers will not incur an additional charge even if the minimum 12 month period for their existing service has not been met. The notice period of three months is applicable as per the contract.
- Downgrade customers will continue to pay the annual service charge for their existing service until the minimum 12 month term has been met, upon which the lower annual charge will come into effect. The notice period of three months is applicable as per the contract.
- Downgrade from 'back-up option 1' or a 'primary installation' to a 'back up option 2' or a 'test installation' – customers will continue to pay the annual service charge for their existing service until the minimum 12 month term has been met, upon which the lower annual charge will come into effect. The notice period of three months is applicable as per the contract.

All prices are effective from 1 April 2007 and exclude VAT. The prices quoted are in UK sterling. The Exchange reserves the right to amend any prices at its sole discretion.

Engineering visits for customer power downs

A minimum charge for engineering visits will be invoiced. The table below documents these minimum customer charges.
