| Non-member firm | 3p | £800 | £1,000 |

Notes

Order book business

Order and quote charges

1 Non-persistent orders

An order with a Time in Force that prevents it residing on the order book is considered to be a non-persistent order:

- IOC - Immediate or Cancel
- FOK - Fill or Kill

2 Order management surcharge

The order management surcharge applies, in addition to any applicable order management charge, to each order event (order entry, order modification and order deletion) in excess of the applicable figure in the table below. All automatically executed trades (fills on the Exchange trading system) during continuous trading and auctions are counted. The surcharge is assessed separately for each member firm in each segment on a daily basis, with the exception of ETFs (segments ETFs, ETF2 and ETFU) and ETPs (segments ETCS, ETC2 and ETCU) which are assessed for each member firm in each product group (i.e. ETFs or ETPs) on a daily basis.

| Security | Number of order events per electronic trade permitted before order management surcharge payable |
|--|---|
| FTSE 100 and FTSE 250 Index securities | 500 |
| Exchange Traded Funds and Exchange Traded Products | 200 |
| All other securities | No order management surcharge |

Modifications arising from the entry of enhanced quotes in FTSE 100 Index securities are included when assessing the order management surcharge.

To qualify for the reduced high usage surcharge available for ETFs and ETPs, order book trading by the member firm must exceed £500 million by value or 10% of the order book value traded in the product group over the billing period.

3 Quote management charge

An alternative charging model for Securitised Derivatives is available on application and is charged at £10,000 per 100 messages per second per month.

Exchange charge

4 The charge for each order executed in part or in full, without reference to the number of executions incurred. Where an order executes over multiple days a charge will apply on each day it executes.

5 Standard Value Traded Scheme

The charge for each order executed is by reference to the cumulative value traded on the order book by the member firm in the current billing period. Each order execution will be charged in accordance with the banded structure set out in this document, subject to the minimum execution charge. This tariff shall not apply to the following types of trading (although this trading still contributes towards cumulative value traded for purposes of the Standard Value Traded Scheme):

- passive executions that qualify under the Liquidity Provider Scheme under note 6.1
- aggressive flow that qualifies under the High Volume Liquidity Takers Scheme under note 6.2
- orders executed by a registered market maker in a Smaller Company under note 6.3

This tariff does not apply nor will volume generated count towards cumulative value traded for securities admitted to the Order book for Retail Bonds.

6.1 Passive executions qualifying under Liquidity Provider Scheme for FTSE 350 securities

Until and including 31 May 2011, Member Firms may apply for up to 2 trader groups or 2 groups of UserIDs or 2 TraderIDs (as appropriate) to be included within the scheme. The scheme will apply up to and including 30 June 2011. Any passive flow submitted into the scheme must be solely generated from the firm's own capital with no related client orders. To qualify for a calendar month, passive continuous trading execution by value must exceed 75% of all continuous execution by value in FTSE 350 securities for an individual nominated trader group or group of UserIDs or TraderID (as appropriate). There is no minimum execution fee chargeable for qualifying passive executions. Note 8 still applies. Details of full terms and conditions, along with how to apply can be found at <http://www.londonstockexchange.com/prices>

6.2 Aggressive executions qualifying under High Volume Liquidity Taker Scheme

This scheme applies to all qualifying aggressive, continuous trading executions in equity and IOB securities (excluding ETFs, ETPs, Covered warrants and the Order Book for Retail Bonds) ("Qualifying Securities"). To qualify for the scheme in any month from April to June 2011, a member firm must have executed more than £3bn in Qualifying Securities in that month or the preceding month. There is no minimum execution fee chargeable for Qualifying Trades. Whilst Hidden orders are excluded from the scheme, any part of an Iceberg order that executes immediately on entry to the order book will be included in this scheme. Member Firms will not be disadvantaged if aggressive flow would be charged less under note 5.

6.3 Private Client Broker (PCB) Order Book Trading Scheme

Any Member Firm wishing to benefit from this scheme must nominate one Trader Group to be dedicated to this scheme. Any orders submitted within this Trader Group must be Private Investor Orders (as defined in the "Private Client Broker (PCB) Order Book Trading Scheme - Qualification" document). 6 months free trading commences separately for each Member Firm from the date of inclusion of each Trader Group within the scheme. Note 8 still applies. Details of full terms and conditions, along with how to apply can be found at <http://www.londonstockexchange.com/prices>

6.4 Execution by a Smaller Company Registered Market Maker

Executions by Registered Market Makers in any security in which the market maker is registered qualify for this tariff. Smaller companies are defined as follows:

- FTSE SmallCap Index securities
- AIM securities
- SETSqx securities
- SET3 securities
- Exchange Traded Funds
- Exchange Traded Products (ETCs & ETNs)
- Securitised Derivatives

7 Order book for Retail Bonds

This fixed charge applies to each order executed in securities admitted to the Order book for Retail Bonds.

As an introductory offer this charge will not apply to orders executed by market makers in any Order book for Retail Bonds security in which the market maker is registered.

8 Hidden & non-displayed portion of Icebergs

Where hidden or iceberg order functionality is available, a premium is payable on the execution of Hidden Limit (HL), Mid-price Pegged (MP) and the persistent, non-displayed part of an Iceberg (IB) order. The premium is not payable on iceberg executions where:

- the execution is of a visible peak; or
- any part that executes immediately on entry to the order book.

9 Other on Exchange business

Includes all business reported to the Exchange for which there is not a trade report automatically generated by the trading system.

10 Gilt-edged and fixed interest securities

Trades in gilt-edged securities between a Gilt-Edge Market Maker and:

- a gilt inter dealer broker are charged at 50% and 25% respectively of the published tariff;
- a member firm that is neither a market maker nor a gilt inter dealer broker are charged to the non-reporting party.

11 Trades reported by Registered Market Makers in any security in which the market maker displays quotes on the trading system qualify for this tariff.

Market Maker Registration charge

12 The charge per security is payable per security up to the number of registrations within each category shown here. Subsequent registrations in that category of securities are free.

13 Includes any other security in which market makers may be registered to display quotes on the trading system.

14 This is a single monthly charge and is applied across both eligible on-Exchange trade reports and OTC trade reports.

General information

All charges are payable monthly in arrears.

All charges are quoted in UK sterling and exclude VAT.

London Stock Exchange plc relies on the data submitted to it to calculate charges. Trades submitted in error may incur a charge. Any invoice queries including, without limitation, any request by a customer for repayment of overpaid charges must be made within three months of the end of the month to which the relevant invoice relates. The customer shall not be entitled to query an invoice and/or claim repayment of any overpaid charges after this period. London Stock Exchange plc reserves the right to amend any prices at its sole discretion.

For terms and conditions relating to the charges, please refer to the Rules of the London Stock Exchange, the Trading Services Order Forms and User/Subscriber Agreements.

For further information please contact: clients@londonstockexchange.com
